To Whom It May Concern:

It is a great pleasure for me to write this letter on behalf of Nanci Newton. I have known Nanci for approximately 10 years and during that time have found her to be a person of unusual integrity, generosity, and talent.

Nanci is a skillful and compassionate massage therapist. Although I am now in my mid-forties, I had never experienced massage therapy before I met Nanci. Over the past decade, however, I have frequently sought out her services for a variety of reasons, including repetitive stress injury, a car accident, and the simple desire for relaxation. Her treatments have been consistently helpful, her level of professionalism impressive, and her manner delightful.

Nanci's kindness and warmth are infectious – she is someone that everyone likes; young people as well as old feel immediately comfortable with her. Indeed, Nanci's easy rapport with people is a crucial component of her success with massage clients. Recently, my teenage daughter suffered a serious orthopedic injury. She was reluctant to undergo massage treatment – but because she knew and trusted Nanci, she was willing to give it a try. Today, she looks forward to the opportunity for a massage! As a result of Nanci's professionalism and personality, my daughter was able to develop a new relationship to and understanding of her body and its process of healing.

Nanci's own experiences inform her compassion as well as her enthusiasm. Having suffered a badly-broken bone, she remembers first-hand the patience required from those who are recuperating from an injury. As an athlete herself – she has recently completed two triathlons – she can certainly relate to the dedication of those who wish to utilize their physical abilities to the fullest.

I can say without reservation that Nanci's combination of skill and personality makes her an outstanding massage therapist.

With best regards,
Julieann Rapoport
